dakotahreyes@gmail.com

## Skills

- Proficient in C#, WinForms, Object Oriented Design, MVP, Visual Studio 2012/2017, Team Foundation Server, SQL Server Management Studio 2014/2017, SCRUM Agile Framework, and Google.
- Moderate knowledge in T-SQL, Waterfall Methodology, MVC, HTML, CSS3, and Postman.
- Enjoys learning new things, failing, failing again, and eventually succeeding.

## Experience

January 2019 - March 2019

### **University of Chicago, Chicago, IL** – *Contract Software Developer*

- Implemented new features for an internal web service and created a new MVC internal service from scratch for the University of Chicago's Biological Sciences Division Information Services.
- Using C#, ASP.NET 4.6.1, MVC 5.4.2, Entity Framework 6.2, Razor 3.2.4, Active Directory, Microsoft Exchange Management Tools 2010, HTML, CSS3, Bootstrap, Powershell, Visual Studio 2017, SQL Server Management Studio 2017, and Team Foundation Server.

January 2016 - September 2018

### **Navitaire, Salt Lake City, UT** – *Software Developer Intern & Senior Software Developer Analyst*

- Worked in 4 week sprints to help develop new features for Loyalty, a rewards system for low cost airlines, as well as maintained our system over the course of 10 releases.
- Helped maintain our databases, as well as create new tables and stored procedures using SQL and SQL Server Management Studio.
- Spearheaded our transition to a Swagger based version of our Loyalty web client.
- Worked as the main developer in the U.S. as well as with a development and QA team in Manila.
- Used C#, ASP.NET WinForms, Visual Studio 2012/2017, SQL Server Management Studio, T-SQL, Swagger, Postman, SCRUM Agile Framework, and Team Foundation Server.

February 2015 - April 2015

### **AmericanEagle.com, Salt Lake City, UT** – *Web Application Developer*

- Worked on the Sitecore Retainer Team maintaining client websites for various companies based out of Chicago.
- Used ASP.NET Web Forms, Sitecore 7, Team Foundation Server, HTML and CSS.

September 2014 - December 2014

### **1-800 Contacts, Draper, UT** – *Software Development Intern*

- Worked on a team of 5 on rebuilding an in house application used to order lunch at both company sites.
- Helped with design as well as used UML diagrams to execute our concepts.

- Used C#, MVC 4.0, Javascript, HTML, CSS3, SQL, Microsoft Sql Server Management Studio, and Team Foundation Server.

## **Education**

December 2016

**Neumont College of Computer Science, Salt Lake City, UT - *Bachelor of Computer Science***
